

INDEX TO

The Journal of MEDICAL EDUCATION

VOLUME 44 • 1969

For easier reference, the following list keys page numbers to month of issue. (Supplements are paginated individually.)

January	1- 80	July	561-640
February	81-160	August	641-720
March	161-240	September	721-906
April	241-328	October	907-1010
May	329-480	November	1011-1113
June	481-560	December	1114-1191

Staff of The Journal of Medical Education

JOHN A. D. COOPER, *Editor*

ROSEMARIE DALEY HENSEL, *Managing Editor*

LUCILLE S. BLOCH, *Acting Managing Editor*

RHEADA MICHELE BLACK, *Assistant Editor*

ROSALIND MORRIS, *Staff Editor*

J. TREVOR THOMAS, *Business Manager*

Author Index

- Abrahamson, S., Denson, J. S., and Wolf R.** Effectiveness of a Simulator in Training Anesthesiology Residents, 515
— See Foster, J. T. *et al.*, 951
- Alexander, E., Jr., and Anderson, P. C.** How Should Graduate Medical Education Be Financed?, 847
- Allen, P. Z.** See Donovan, J. C. *et al.*, 589; 977
- Anderson, M. H.** Report of the Public Relations Department, Evanston Office, 441
- Anderson, P. C.** See Alexander, E., Jr., 847
- Angur, N. A.** See Rhoads, J. E., 846
- Anlyan, W. G.** Report of the *Ad Hoc* Committee on Ways and Means, 453
— See Academic Medical Centers—Opportunities for Statesmanship and Commitment (*Editorial*), 1174
- Ascah, R. G.** See Herbut, P. A. *et al.*, 1132
- Bahn, A. K.** Teaching Biostatistics to Medical Students (*Communication*), 622
- Bailey, R. Q., and Kane, R.** Evaluation of a Postgraduate Education Program (*Abstract*), 979
- Baker, E. G. S.** Symposium on Undergraduate Biology for the Preprofessional Student (*Communication*), 61
- Barbee, R. A., and Feldman, S.** A Three-Year Longitudinal Study of the Medical Interview and Its Relationship to Student Performance in Clinical Medicine (*Abstract*), 988
- Barnhill, B.** See Johnson, P. C. *et al.*, 945
- Barrat, E. S., and White, R.** Impulsiveness and Anxiety Related to Medical Students' Performance and Attitudes, 604
- Bender, R. M.** Attitudes Toward Grading Systems Used in Medical Education, 1176
- Bendixen, H. H.** See Peterson, O. L., 762
- Berson, R. C.** Report of the Committee on Federal Health Programs, 425
— See Report of the Executive Director, 392
- Bingham, F. H.** See McNulty, M. F., Jr., 374
- Brandt, E. N.** See Harless, W. G. *et al.*, 670
- Brem, T. H.** See Feldman, H. A., 831
- Brown, C. R., Jr.** See Brucker, P. C. *et al.*, 980
- Brown, E. B., Jr., and Curtiss, P. H., Jr.** What Is the Elusive Desirable Physician?, 841
- Brown, J. H. U.** Clinical Pharmacology: The Neglected Science, 961
- Brucker, P. C., Brown, C. R., Jr., and Gonnella, J. S.** Diagnosis Before Therapy: A Model in Physicians' Continuing Education (*Abstract*), 980
- Bruhn, J. G., and Naughton, J.** Effects of a Course in Internal Medicine on the Attitudes of First-Year Medical Students, 504
- Bryden, S. E.** See Saul, E. V., 1091
- Camiscioni, J.** See Graves, G. O. *et al.*, 344
- Campbell, T. J.** Meeting of the Business Officers Section, 369
— See Report of the Business Officers Section, 404
- Carbone, J. V.** See Merrill, I. R. *et al.*, 595
- Carton, R. W.** See Kale, M. K. *et al.*, 955
- Cassie, J. M., Robinson, S. C., and Cudmore, D. P.** An Investigation of the Attitudes, Study Habits, and Academic Achievement of First-Year Medical Students in a New Curriculum (*Abstract*), 976
- Castle, W. B.** Improved Utilization of Medical Faculty, 132
- Caughy, J. L., Jr., and Mattson, D. E.** Report of the MCAT Advisory Committee, 436
- Ceithaml, J., and Johnson, D. G.** Joint Report of the Committee on Student Affairs and the Division of Student Affairs, 442
- Chapman, C. B.** The Interface Between the Examination System and Curriculum, 499
- Chapman, J. E.** Student Input in Medical Education: An Educator's Report (*Communication*), 542
- Cherkasky, M.** Medical Manpower Needs in Deprived Areas, 126

- Christopher, G. R.** See Wismar, B. L., 983
- Churchill, C. W.** See Rifka, G. E., 1144
- Cohen, W. J.**, Medical Education and Physician Manpower from the National Level, 12
- Colwill, J. M.** Free Time in the Medical Curriculum, 510
- Conly, S. S., Jr.** See Gottheil, E., 270
— See Herbut, P. A. *et al.*, 1152
- Conn, R. B.** See Love, B. F., *et al.*, 533
- Cooper, J. A. D.** Another Word on the FY 70 Budget (*Editorial*), 149
— See The Budget Squeeze in FY 70 (*Editorial*), 57
— See The Crisis in Funding (*Editorial*), 541
— See Institutional Response to Expectations for Health Care, 31
— See Joint Report of the Editor and the Editorial Board, 433
— See Medicare and the Teaching Hospitals (*Editorial*), 616
— See The New Assistant Secretary for Health and Scientific Affairs (*Editorial*), 703
- Coppola, E. D., Rogow, L., and Gonnella, J. S.** Learning on a Surgical Clerkship: An Approach to Student Responsibility (*Abstract*), 983
- Cornelison, F. S., Jr.**, See Gottheil, E., 270
- Craner, J. L.** Report of the Division of Business Affairs, 398
- Cudmore, D. P.** See Cassie, J. M. *et al.*, 976
- Cummings, M. M.** The National Library of Medicine and Medical Education, 768
- Curtiss, P. H., Jr.** See Brown, E. B., Jr., 841
- Cutter, J. A.** See Harless, W. G. *et al.*, 670
- Danilowicz, D. A.** See Gabriel, H. P., 939
- Dennis, J. L.** Medical Education, Physician Manpower, the State and Community, 18
- Denson, J. S.** See Abrahamson, S. *et al.*, 515
- Deuschle, K. W.** The University's Response to Demands for Care: Community Medicine at Kentucky, 755
- Di Gregorio, N. J.** See Edson, J. N. *et al.*, 1150
- Dinning, J. S.** The Development of Graduate Training in the Basic Medical Sciences in Thailand, 202
- Donovan, J. C., Salzman, L. F., and Allen, P. Z.** Patterns of Learning in Medical School, 589
— See A Study of curricular Change (*Abstract*), 977
- Drinnan, A. J.** Teaching Odontology and Stomatology to American Medical Students, 137
- DuBois, A. B., Nemir, P., Jr., Schumacher, C. F., and Hubbard, J. P.** Graduate Medical Education in Basic Sciences, 1035
- Duncan, R. C.** See Harless, W. G. *et al.*, 670
- Earley, L. W., and Johnson, D. G.** Medical Student Health, 36
- Easmon, C. O.** Medical Education in Tropical Africa (*Communication*), 708
- Edson, J. N., Di Gregorio, N. J., Hakim, J., McGinn, J. T., Giustra, F. X., and Schluger, J.** An Evaluation of a Clerkship in Cardiology for General Practitioners, 1150
- Egdahl, R. H.** A Survey of Some Attitudes and Practices in Surgical Education, 1024
- Eichenberger, R. W., and Gloor, R. F.** A Team Approach to Learning Community Health, 655
- Eisele, C. W.** The Medical Audit in Continuing Education, 263
- Eliot, J. W., Villadiego, F., and Yunes, Joao.** Instruction in Fertility Regulation in Medical Schools of Latin America, 1044
- Elliott, R. H. E.** The Current Nursing Situation, 178
- Evans, L. R.** See Graves, G. O. *et al.*, 344
- Fagel, B., Schumacher, D., and Slater, C.** Student Input in Medical Education: A Student View (*Communication*), 545
- Farley, E. S., Jr.** See Holler, J. W., 225
- Faterson, H. F., Moldowski, E. W., and Moldowski, L. H. K.** The Human Figure Drawing Test and Academic Outcome in Medical School, 929
- Faulconer, A., and Slater, D. H.** Should There Be a Commission on Graduate Medical Education?, 834
- Feldman, H. A., and Brem, T. H.** Who Should Control Graduate Medical Education?, 831
- Feldman, S.** See Barbee, R. A., 988
- Fellner, C. H.** Paperback Psychiatry, 585

- Filerman, G. L.** The Teaching of Preventive and Social Medicine at the University of Chile School of Medicine, 520
- Flair, M. D.** Honors Program in Medical Education at Northwestern University, 1127
- Fleisher, D. S., and Levin, J. L.** Composition of Small Learning Groups in Medical Education II (*Abstract*), 982
- Forster, R. E.** Physiology, 807
- Foster, J. T., Abrahamson, S., Lass, S., Girard, R., and Garri, R.** Analysis of an Oral Examination Used in Specialty Board Certification, 951
— See and Lass, S. J. A Feasibility Study Using Patient Records to Evaluate Videotape Postgraduate Medical Education (*Abstract*), 980
- Freulich, R. E.** A Course in Medical Interviewing, 1165
- Gabriel, H. P. and Danilowicz, D. A.** Psychiatric Concepts in Pediatric Residencies: A Review of NIMH-Supported Training Programs, 939
- Gagan, J. F.** See Juan, I. R. *et al.*, 698
- Garris, R.** See Foster, J. T. *et al.*, 951
- Girard, R.** See Foster, J. T. *et al.*, 951
- Giustra, F. X.** See Edson, J. N. *et al.*, 1150
- Glaser, R. J.** The Medical Deathship: Its Half-Life and Hard Times, 1115
- Glomski, C. A.** See Kallen, F. C., 150
- Gloor, R. F.** See Eichenberger, R. W., 655
- Golden, A. S.** Project HOPE in Peru: An Unusual Approach (*Communication*), 1176
- Gonnella, J. S.** See Brucker, P. C. *et al.*, 980
— See Coppola, E. D. *et al.*, 983
- Gottheil, E., Thornton, C. C., Conly, S. S., Jr., and Cornelison, F. S., Jr.** Stress, Satisfaction, and Performance: Transition from University to Medical College, 270
- Grafton, T. S.** Veterinary Science: The Future of This Health-Related Profession, 145
- Graves, G. O., Evans, L. R., Ingersoll, R. W., and Camiscioni, J.** Need for a Multiple-Track System in Medical Education, 344
- Gregory, C. F.** Orthopaedics and the Impact of Learning Theory, 777
- Grillo, H. C.** See Malt, R. A., 141
- Hahn, A. W.** See Tallarida, R. J. *et al.*, 1170
- Hakim, J.** See Edson, J. N. *et al.*, 1150
- Haley, H. B., and Paiva, R. E.** Intellectual, Personality, and Environmental Factors in Career Specialty Preferences of Entering Medical Students, 977
— See Juan, Jr. R. *et al.*, 698
- Harless, W. G., Lucas, N. C., Cutter, J. A., Duncan, R. C., White, J. M., and Brandt, E. N.** Computer-Assisted Instruction in Continuing Medical Education, 670
— See Thies, R. E. *et al.*, 1156
- Harrell, G. T.** Animal Facilities for a New College of Medicine (*Communication*), 619
— See Multidiscipline Teaching Laboratories at Hershey (*Communication*), 1094
- Harris, T. M.** Closed-Circuit Television as an Integrated Medium in Teaching Medical and Dental Histology (*Communication*), 548
- Haviland, J. W., and Smith, H. D.** What Should Be Done about the Internship?, 843
- Helfer, R. E.** An Objective Comparison of Pediatric Interviewing Skills of Freshmen and Senior Medical Students (*Abstract*), 987
- Herbut, P. A., Sodeman, W. A., Conly, S. S., Jr., and Ascah, R. G.** The Jefferson Penn State Accelerated Medical Student Program, 1132
- Herr, A. J.,** See Tallarida, R. J. *et al.*, 1170
- Hershberg, P. I.** Medical Diagnosis: The Role of a Brief, Open-Ended Medical History Questionnaire, 293
- Hess, J. W.** A Comparison of Methods for Evaluating Medical Student Skill in Relating to Patients, 934
- Hill, S. R., Jr.** Report of the Education Advisory Committee to the Veterans Administration, 414
- Hodes, H. L., and Nattress, L. W., Jr.** What can University Graduate Medical Education Do Better To Meet the Demand of the Community for Comprehensive Medical Care?, 840
- Holden, W. D.** The Evolutionary Functions of American Medical Specialty Boards, 819
- Holler, J. W., and Farley, E. S., Jr.** A University Family Medicine Program (*Communication*), 225
- Howard, R. B.** Report of the Treasurer, 394

- Hubbard, J. P.** See DuBois, A. B. *et al.*, 1035
- Hubbard, W. N., Jr.** A Report from the September 1968 AAMC Workshop on the Medical Curriculum (*Communication*), 58
- See Report of the Curriculum Study Ad Hoc Committee, 449
- Hunter, T. H., and Hyde, H. van Z.** Joint Report of the Committee on International Relations in Medical Education and the Division of International Medical Education, 428
- Husted, F. L.** See Oaks, W. W., 207
- Hyde, H. van Z.** See Hunter, T. H., 428
- Ingersoll, R. W.** See Graves, G. O. *et al.*, 344
- Jacobson, E. D.** See Thies, R. E. *et al.*, 1156
- Jarecky, R. K.** Medical School Efforts to Increase Minority Representation in Medicine, 912
- Johnson, D. G.** Conference on Increasing Representation in Medical Schools of Afro-Americans, Mexican-Americans, and American Indians (*Communication*), 710
- See Ceithaml, J., 442
- See Earley, L. W., 36
- See Stritter, F. T., 381
- Johnson, P. C.** Attitudes of the Closed-Versus the Open-Minded Medical Student Toward Medical School and the Practice of Medicine (*Abstract*), 981
- See Barnhill, B., and Tranquada, R. Evaluation of a Student Health Project, 945
- Jones, B.** Modernization and Expansion of Teaching Hospitals: A Look to the Future, 334
- Juan, I. R., Gagan, J. F., and Haley, H. B.** Dogmatism and Attitude Differences in Medical Students, 698
- Kale, M. K., Scholly, G. S., and Carton, R. W.** An Audit of Ward Experience as a Tool for Teaching Diagnosis in Pulmonary Medicine, 955
- Kallen, F. C., Glomski, C. A., and Tanski, W., Jr.** Aids in Teaching Conceptual Embryology (*Communication*), 150
- Kane, R.** See Bailey, R. Q., 979
- Kane, R. A.** See Kane, R. L., 684
- Kane, R. L., and Kane, R. A.** Physicians' Attitudes of Omnipotence in a University Hospital, 684
- Kanter, G. S.** The Rensselaer Polytechnic Institute—Albany Medical College Six Year Biomedical Program, 1139
- Kapuste, H. C.** The Problem of Validity of External Tests for Evaluation of Medical School Curricula (*Abstract*), 984
- Kass, J. S.** See Saul, E. V., 526
- Kausch, D. F.** Medical Students' Attitude Toward the Mental Health Field: A Longitudinal Study, 1051
- Kindig, D. A.** See Newell, F. W., 845

- Use of rating forms of habitual performance for assessment purposes in (*Abstract*), Levine and McGuire, 984

Medical Faculty:

- Attitudes of: toward early career commitment (*Communication*), 304; toward grading systems, Bender, 1176; toward surgery's role in curriculum, Eg Dahl, 1024
- Difficulties in obtaining, at University of Malaya Medical Center, Wellington, 919
- Improved utilization of, Castle, 132
- Production of (*Communication*), 303
- Salaries: Federal grant support of (*Datagrams*), 551; Fringe benefits of (1968-1969) (*Datagrams*), 230; Hahnemann plan for the support of full-time clinical faculty, Moyer and Sigmann, 571; Sources of income (*Datagrams*), 69; Statistics (1964-1969) (*Datagrams*), 317
- Shortage of, Kinney, 730
- Sources of information of, regarding change in medical education (*Communication*), Saul and Bryden, 1091

Medical Schools:

- Animal facilities for a new college of medicine (*Communication*), Harrell, 619
- As a component of the medical center, Parks, 1
- Double scheduling of classes in, Peery, 925
- Efforts to increase minority representation in medicine of, Jarecky, 912
- Enthusiasm of new (*Editorial*), Leake, 298
- Finances: Business officer, new professional in, Meads, 161; Richmond, 165; Enrollment and Expenditures, 1958-1968 (*Datagrams*), 630; Hahnemann plan for the salary support of full-time clinical faculty, Moyer and Sigmann, 571; Support of, by federal government (*Editorial*), Cooper, 541

- Financing graduate medical education, Olson, 745
- Founding of, at William and Mary, Moore and Shield, 241
- Interdependence of state, community, and Dennis, 18
- Medical students and, rights and responsibilities, Westcott, 492
- Multiple entry points and advanced standing, implications for enrollment, Magraw, 266
- Need to increase representation in, of Afro-Americans, Mexican-Americans, and American Indians (*Communication*), Johnson, 710
- Patterns of learning in, Donovan *et al.*, 589
- Perspective of entering medical students toward, Gottheil *et al.*, 270
- Problems of research in an applied setting, Sheehan, 329
- Professional socialization in, Olmsted and Paget, 663
- Religion as taught in (*Editorial*), Ramsay, 470
- Responsibility in training primary physicians, Willard, 119
- Students transferring from foreign to U.S., in advanced standing, 1959-1966, Mason and Ruhe, 561
- Survey of the cadaver supply in the United States and Canada in (*Communication*), Smith, 628
- Utilization of medical faculty in providing health services for community, Castle, 132
- Utilization of student health service in, Earley and Johnson, 36

Medical Schools by Name:

- Australia: University of Sydney, 648
- Chile: University of Chile, 520
- Lebanon: American University of Beirut, 1144
- Malaysia: University of Malaya, 919
- Thailand: University of Medical Sciences, 202
- U.S.A.: Albert Einstein, 81, 126, 915; Arizona, 298, 360; Boston, 31, 58, 561; Bowman Gray, 439; Brown, 360; California (Davis), 360; California (San Diego), 31, 360; California (San Francisco), 595; Case Western, 170; Chicago, 249; Colorado, 285; Columbia, 178; Connecticut, 360; Cornell, 285; Duke, 31, 214,

414, 561, 743; Florida, 441, 917; George Washington, 1, 428, 926; Hahnemann, 207, 571; Harvard, 141, 285, 304, 561, 915; Hawaii, 360; Illinois, 31, 285, 955; Indiana, 31; Iowa, 352; Jefferson, 31, 58, 414, 1132; Johns Hopkins, 58; Kansas, 285, 353; Kentucky, 31, 655, 755; Massachusetts, 360; Meharry, 81, 916; Miami, 561; Michigan State, 65, 360; Minnesota, 353, 751; Missouri, 65, 428, 510; Mount Sinai, 360; Nebraska, 414; New Jersey, 81; New Mexico, 360; Northwestern, 31, 58, 1127; Ohio State, 65, 344; Oklahoma, 412, 507, 670; Pennsylvania State, 31, 360, 619, 1132; Rochester, 65, 225, 249, 441, 589; Rutgers, 360; South Carolina, 65; Southern California, 515; Stanford, 31, 305; SUNY (Buffalo), 145, 150; SUNY (Downstate), 561, 929, 1150; Tennessee, 1; Texas (Galveston), 604; Texas (San Antonio), 298, 360; Tufts, 81, 526; Tulane, 52; Vanderbilt, 285; Virginia Medical, 548, 626; Washington (Seattle), 31, 305, 917; Wisconsin, 585; Yale, 1, 31, 81, 193

Medical Students:

- Academic outcome of, as determined by the human figure drawing test, Faterson *et al.*, 929
- Activism of: a preliminary study (*Abstract*), Lieberman and Sabshin, 987; through Student American Medical Association, Lucas, 679
- Anxiety, study of anticipated, Saul and Kass, 526
- Attitudes of, toward early career commitment (*Communication*), Panel Discussion 4, 304
- Attitude toward mental health field, a study of, Kausch, 1051
- Attitudes of, toward grading systems, Bender, 1076
- As potential change agents in medicine, Lewis, 1029
- Basic science knowledge of, DuBois *et al.*, 1035
- Changes in attitudes of, after participation in summer health project, Johnson *et al.*, 945
- Closed- versus open-minded, attitudes of, toward medical school and practice of medicine (*Abstract*), Johnson, 981
- Community health visitor program, participation in, Record and McKegney, 193
- Dogmatism and attitude differences in, Juan *et al.*, 698
- Effects on first-year, of a course on internal medicine, Bruhn and Naughton, 504
- Factors in early development and evaluation of clinical competence in (*Abstract*), Scott *et al.*, 985
- Foreign, in the U.S., Long, 645
- Freshmen, circa 1968-1969, an analysis of (*Abstract*), Rosenberg, 986
- Future, an analysis of characteristics of (*Communication*), Smythe, 1084
- Health of, Harley and Johnson, 36
- Impulsiveness and anxiety of, related to performance and attitudes, Barratt and White, 604
- Input in medical education, as viewed by an educator (*Communication*), Chapman, 542; as viewed by a student (*Communication*), Fagel *et al.*, 545
- Intellectual, personality, and environmental factors in career speciality preferences of entering (*Abstract*), Haley and Paiva, 977
- Legal rights and responsibilities of, Westcott, 492
- Minority group representation among, efforts to increase, Jarecky, 912
- Opinions of, on present curriculum (*Communication*), Panel Discussion 9, 311
- Participation of: in curriculum planning and evaluation, Slater, 675; in health project in poverty areas, Johnson *et al.*, 945
- Patient perception of (*Abstract*), Schumacher and Schumacher, 986
- Performance of, on return from medical schools abroad, Marshall (*Letter to the Editor*), 1175
- Performance in clinical clerkship, evaluation of a method of assessing, Oaks *et al.*, 207
- Perspective of, toward medical school, Gottheil *et al.*, 270
- Preparation for education abroad, Long, 641
- Professional socialization of, Olmsted and Paget, 663
- Retention and enjoyment of programmed instruction, effects of effort and reinforcement on, Merrill *et al.*, 184
- Sexual knowledge and attitudes of, and open-closed mind systems (*Abstract*), Strassman, 981
- Skill in relating to patients, comparison of methods for evaluating, Hess, 934
- Student American Medical Association:

- First national student conference on medical education, report on (*Communication*), Chapman, 542; Fagel *et al.*, 545
- Teaching biostatistics to (*Communication*), Bahn, 622
- Teaching of odontology and stomatology to, Drinnan, 137
- Transferring from foreign to U.S. medical schools in advanced standing, 1959-1966, Mason and Ruhe, 561
- Undergraduate origins of (*Datagram*), 712
- Use of a formal decision theory model in the selection of, Mattson, 964
- Utilization of free time in the medical curriculum by, Colwill, 510
- Values of (*Abstract*), Mawardi, 982
- Viewpoint of crisis in American medical education, Martire, 1070
- Vocational choices of, Rezler, 285

Medicine:

- Religion and (*Editorial*), Ramsay, 470
- Role of brief, open-ended, medical history questionnaire in, Hershberg, 293
- Vocational choices in, Rezler, 285

National Library of Medicine: See Bibliographies

National Intern and Residency Matching Program:

- Progress reports on, 381, 411; 1969 (*Datagram*), 897

Nursing:

See Allied Health Professions

Physicians:

- Attitudes of omnipotence of, in a university hospital, Kane and Kane, 684
- Background and attitudes of, Lewis, 1029
- Basic science knowledge of, DuBois *et al.*, 1035
- Computer-assisted instruction as a method for continuing medical education for, Harless *et al.*, 670
- Foreign Medical Graduates: In community hospitals, Peterson and Bendixen, 764; Contributions of, in the United States, Kosa, 46; In graduate training programs, Smythe, 866; Responsibilities and liabilities of (*Communication*), Panel Discussion 11, 314

- Increasing the number of, through double scheduling of medical school classes, Peery, 925
- Latin American, need for contraceptive and demographic training of, Eliot *et al.*, 1044
- Malaysian, evaluation of their training abroad, Wellington, 919
- Medical audit as a method in continuing education, Eisele, 263
- Medical knowledge self-assessment program as an aid in the continuing medical education of (*Communication*), Rosenow, 706
- Performance of, syntheses of multiple criteria of, Taylor *et al.*, 1063
- Practice patterns of women and men, Powers *et al.*, 481
- Perspective of, toward obesity, Maddox and Liederman, 214
- Primary, role of, Willard, 119
- Problems of reimbursement of, under Medicare, Tierney, 909
- Qualities of a superior, as surveyed by several medical and nonmedical groups (*Abstract*), Price *et al.*, 978
- Responsibility, concept of (*Abstract*), Loftus, 979
- Role of and need for, in deprived areas, (*Communication*), 300
- Shortages: Analysis of, Knowles, 81; (*Letter to the Editor*), Knowles, 223; Analysis of, in deprived areas (*Communication*), Panel Discussion 1, 300; Analysis of, in deprived areas, Cherkasky, 126
- Specialty Board Examination Performance: In internal medicine, Myers, 800; In neurological surgery, Odom, 786; In orthopaedics, Nattress, 880; Nattress, 894; In pediatrics, Lawson, 874

Psychiatry:

- Attitudes of medical students toward practice of, Kausch, 1051
- Community-oriented program in law and, Scrignar and Sachse, 52
- Concepts of, in pediatric residencies, Gabriel and Danilowicz, 939
- Dogmatism and attitude differences in medical students, Juan *et al.*, 698
- Human figure drawing test and academic outcome in medical school, Faterson *et al.*, 929
- Impulsiveness and anxiety related to medi-

cal students' performance and attitudes, Barratt and White, 604

Use of paperback books in teaching, in medical school, Fellner, 585

Use of one-way mirror in training of residents in, opposition to, Smith, 1161

Premedical Education:

Biology, for the preprofessional student (*Communication*), Baker, 61

Honors program at Northwestern University in, Flair, 1127

Preclinical training in, Marshall (*Letter to the Editor*), 1175

Preparation for medical school, Gottheil *et al.*, 270

Supplementary, for racial minority groups, Post-Baccalaureate Fellowship Program and Intensive Summer Studies Program, Jarecky, 912

Propadeutics for medical education abroad, Long, 642

Regional Medical Programs: See Federal Government

Research:

Effects of a simulator in training anesthesiology residents, Abrahamson *et al.*, 515

Federal support for, in FY 70 (*Editorial*), Cooper, 57; (*Editorial*), Cooper, 149

Pharmacological, clinical, Brown, 961

Problems of, in an applied setting, Sheehan, 329

Role of National Center for Health Services and Development in, McCarthy, 337

Study of anticipated anxiety in a medical school setting, Saul and Kass, 526

Residents and Residencies: See also Medical Education—Postgraduate

Specialization:

Role-model of surgeon as affects choice of surgery as career, Malt and Grillo, 141

Training and distribution of specialists (*Communication*), 313

Vocational choices in Medicine, Rezler, 285

Specialty Boards:

Functions Of: American Board of Internal Medicine, Myers, 797; American Board of Neurological Surgery, Odom, 784; American Board of Orthopaedic Surgery,

Gregory, 777; Nattress, 878; Nattress, 890; American Board of Pediatrics, Lawson, 791; In general, Holden, 819

Oral examination used for certification by, an analysis of, Foster *et al.*, 951

Review of efforts by, in the provision of health manpower, Knowles, 81; (*Letter to the Editor*), Knowles, 223

Studies:

Biology in the undergraduate curriculum (*Communication*), Baker, 61

Instruction in fertility regulation in medical schools of Latin America, Eliot *et al.*, 1044

Medical school curriculum (*Communication*), Hubbard, 58

Medical student health, Earley and Johnson, 36

National study of mathematics requirements for scientists and engineers, Miller, 608

Practice patterns of women and men physicians, Powers *et al.*, 481

Report of the Royal Commission on Medical Education, discussion of, Todd, 23

Students transferring from foreign to U.S. medical schools in advanced standing, 1959-1966, Mason and Ruhe, 561

Teaching Hospitals:

As a component of the medical center, Parks, 1

Compared with community hospitals, Peterson and Bendixen, 762

Graduate medical education training programs in, Smythe, 865

Medicare and (*Editorial*), Cooper, 616

Modernization and expansion of, Jones, 334

Physicians' attitudes of omnipotence in, Kane and Kane, 684

Use of ward experience in, as a tool for teaching diagnosis in pulmonary medicine, Kale *et al.*, 955

Teaching Methods:

Audio-Visual Aids: Closed-circuit television as an integrating medium in teaching medical and dental histology (*Communication*), Harris, 548; Effectiveness of motion pictures at different stages of learning history-taking, Merrill *et al.*, 595; Utilization of, in teaching conceptual embryology (*Communication*), Kallen *et al.*, 150

Community- and action-oriented training

- program in law and psychiatry as, Serignar and Sachse, 52
- Computer-assisted instruction, effectiveness of, Thies, *et al.*, 1156
- Computerized histology as (*Abstract*), Wismar and Christopher, 983
- Composition of small learning groups in medical education II (*Abstract*), Fleisher and Levin, 982
- Computer-assisted instruction for physicians' continuing medical education, Harless *et al.*, 670
- Effectiveness of a simulator in training anesthesiology residents, Abrahamson *et al.*, 515
- In a course in biomedical computing applications, Yoder, 1056
- Medical knowledge self-assessment program as a, in continuing medical education (*Communication*), Rosenow, 706
- Multiple-track system, need for in medical education, Graves *et al.*, 344
- Needs for changes in, to provide better services for deprived areas, Cherkasky, 126
- Pilot application of, in social medicine, Wegman *et al.*, 1017
- Preventive and social medicine as taught at the University of Chile School of Medicine, Filerman, 520
- Self-Instruction: Effects of effort and reinforcement on retention and enjoyment of, Merrill *et al.*, 184; Enhanced capacity in, Lysaught, 580; Report of the Fourth Rochester Conference on, in medical education (*Communication*), Lysaught, 65; Teaching core medical curriculum by, Strassman *et al.*, 170
- Teaching of physical diagnosis, approaches to, Lipkin, 691
- Team approach to learning community health, Eichenberger and Gloor, 655
- University family medicine program as a, (*Communication*), Holler and Farley, 225
- Utilization of, in teaching odontology and stomatology to medical students, Drinnan, 137
- Ward experience as a tool for teaching diagnosis in pulmonary medicine, an audit of, Kale *et al.*, 955
- Universities:**
- Medical Center Administration of, Meads, 161; Richmond, 165; Components of, Parks, 1; Family medicine program as a part of (*Communication*), Holler and Farley, 225; (*Letter to the Editor*), White, 617; Responsibility of, in the provision of health manpower, Cooper, 31; School of nursing as a part of, Elliott, 178
- Role of the University in Graduate Medical Education (*1968 Conference Proceedings*), Smythe *et al.*, 721-895
